

11_DISCOVERY_CALL_SCRIPT.md — 15-Minute Discovery Call Script

Goal: Diagnose prospect pain points, confirm ICP fit, and establish scope direction.

TIMELINE & QUESTION BREAKDOWN

0 – 2 Min: Business Context & Icebreaker

- "Hi [Name], thanks for connecting. To make the best use of our 15 minutes, I'd love to understand your current digital setup and where you're looking to scale."

2 – 5 Min: Problem Diagnosis

- "What is the single biggest bottleneck with your current website/system right now? (Speed, leads, security, conversions?)"

5 – 8 Min: Business Impact

- "How is this issue affecting your daily leads or revenue? What happens if it stays unfixed for another 6 months?"

8 – 11 Min: Desired Outcome & Timeline

- "If we fix this, what does success look like for your business in 90 days? What is your target launch timeline?"

11 – 13 Min: Recommended Direction & Budget Check

- "Based on what you've shared, a custom Build + Lead Automation package would solve this. Our standard engagements for this scope range between ■35k - ■50k. Does that align with your planned investment?"

13 – 15 Min: Clear Next Steps

- "Great. I will prepare a tailored 2-option Proposal and SOW by tomorrow afternoon. Let's schedule 10 mins on Thursday to review it together."
